I had this meeting yesterday at HTH with ... It took about 2 hours. She seemed to be happy with what I had explained to her about Facilities/Digital system and TCF. I just need to send her some info on Bits and pieces so she can proceed with her side on the report for Dave Mc.

Subject: CCTV project

Dear David,

Dave Mc has asked me to project manage the technical move and procurement/implementation of specialist IT CCTV equipment. From a brief discussion with Dave Mc I have assumed the following:

Aim of project: To increase parking revenue (target: additional £5m)

Key outcomes: expansion of CCTV suite; procurement of a service to maintain technical folder; procurement of CCTV software (similar to that piloted in Bradford and Oxford)
