Dave,

Some additions.

As for the 3rd floor room I thought this was going to be unavailable according to . I thought our choices were to take over additional crime disorder ground floor room or utilise possible vacant space on west wing 1st floor old Hammersmith Town Hall. Quotes given before.

Also with more personel we would need more reviewing/inputting station to cope. I have added in what is possible here as well. I will be sending of faulty spare VCRs off to chrmoa soon for repair so should give us enough for use with the immediate scenario.
